

## Action Item for Arbella Agents with WinRater

We want you to be ready for our new **Arbella Indemnity** and **Arbella Protection** insurance pricing so here's what you need to know for WinRater.

WinRater will be ready the week of May 25th. Boston Software will email the update to your agency, as they normally do. ***Remember, you can quote on Arbella Connect™ starting April 25 for effective dates of 6/1/15 and later until you receive the WinRater update.***

Additional set-up may be needed to run insurance scores on WinRater.

- If you run insurance scores for Arbella WinRater quotes today, you are all set.
- If you don't run insurance scores for Arbella WinRater quotes, extra work is required to set up. Contact [interfacesupport@arbella.com](mailto:interfacesupport@arbella.com) and include your Lexis-Nexis Node ID if available. ***This process takes additional time so it's important to contact interface support as soon as possible.***

New messages will be presented on WinRater when an insurance score is ordered for an Arbella quote. These messages are valid for new business effective dates of 6/1/15 and later:

- Arbella Protection
- Arbella Mutual
- Arbella Indemnity
- PLS not obtained. Contact your Underwriter for acceptability.
- Unacceptable

If quoting prior to 6/1/15 and receive one of the Underwriting Companies above, the score is acceptable and will be written in Arbella Mutual.
